Jai Residential Care Home & Respite Care Program

Welcome to the Jai Residential Care Home and Respite Care Program, we offer long-term and short-term care. Our services give families and caregivers a chance to rejuvenate with the comfort of knowing that their loved one is in a comfortable, safe and caring environment.

We offer Individualized Care!

With many assisted living facilities just one caregiver can be assisting up to fifteen residences at a time, but with our new Residential Care Home we have one caregiver assisting just two residences at a time! That way our residence gets the individual care they deserve.

“Care You Can Trust”

Our Services Include:

- 24 hours monitoring of safety
- Transportation Services
- Three well-balanced meals served daily
- Rooms provide Tablets: Face-time with family/friends etc.
- Medication management
- Assist in dressing/grooming
- Assist Showering/ Bathing
- Weekly housekeeping and daily trash removal
- Weekly linen services
- Active interaction and socialization
- Personal care plan to assist in daily active living
